

## Olympic Sports Story:-

At the first Olympic Games in 1896, there were nine sports contested. Since that time many sports have been added (and removed too) from the program. Only five sports have been contested at every summer Olympic Games since 1896: Athletics, Cycling, Fencing, Gymnastics and Swimming.

In 2012 there were 26 sports contested, increasing to 28 in 2016, and 33 in 2020. The next Olympic Games in Paris 2024 are expected 32 sports with debut or breakdancing while karate, basketball & soft ball or dropped from the program.
